

Welcome to Your New Community Channel Experience

Your Community's Information Hub—Right on Your TV

We're excited to introduce you to your new custom community channel, powered by InTouchLink—a simple, easy-to-use application designed to keep you connected, informed, and engaged.

What You Can Expect

With InTouchLink, your TV becomes much more than just entertainment. You'll now have access to:

Daily and Weekly Activity Calendars

See what's happening in your community in real time.

Dining Menus

Preview breakfast, lunch, dinner, and even snacks—all from your screen.

Live Broadcasts

Tune in to special events, religious services, or wellness sessions

Weather, Photos & More

All personalized for your community.

*And if you prefer accessing content on the go, your community may also offer the **InTouchLink Mobile TV App** and web portal so you can view schedules and updates from a tablet, smartphone, or computer.*

Welcome to Your New Community Channel Experience

Your Community's Information Hub—Right on Your TV

How To Use It

Just turn on the X1 platform, use your remote to access the App, enter your one-time code, and tune to your community channel—you'll instantly see a beautiful, easy-to-navigate display with all your community's key information. The app can be found using voice commands such as "Community Channel" and "IntouchLink TV" or via a search.

If you have questions or need help using your TV channel, just ask your community team—they're trained and ready to help you with all your needs.

We hope IntouchLink brings more convenience, connection, and enjoyment to your day. This is your space—personalized just for your community.

Welcome aboard!
